Subject: Confidential Statement of Formula (CSF) Notification
Product Name: Fluridone Technical
EPA Registration Number: 67690-31
Application Dated: April 1, 2014

Dear Mr. Mézin,

The Agency is in receipt of your application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for Fluridone Technical (EPA Reg. No. 67690-31) dated April 1, 2014. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested does not clearly fall within the scope of PRN 98-10 and will require additional administrative review of the related files. Below is a summary of our findings:

1. Because this is a technical product, in order to add new sources, this action must be resubmitted as a PRIA action and must include a 5-batch analysis study.

Therefore, the RD has determined that this action is denied and our records have been updated accordingly. No further processing of this action will occur until a resubmission is made.

If you have any questions, please contact Emily Schmid via email at schmid.emily@epa.gov or by phone at (703) 347-0189.

Sincerely,
